SP 28-6-05.

5 The idea of the Inspector-General is, apparently, to effect a corresponding retrenchment (i.e. by Rs 1000) in the expenditure for 1905-06, whereby there would be a saving of Rs 1000 to set off against the present excess expenditure.

6 But the actual expenditure must necessarily be debited to some budget provision, either existing or found by re-appropriation, or newly sanctioned. Hence the Comptroller's objection seems to be correct. (The same doubt occurred to me before, vide my marginal note of 10.6.05)

My dear Mr. Basu,

With reference to your letter of the 16th August 1905, I have perused the file containing the discussion about the mode of auditing the advance of ₹1,000 sanctioned on account of the pay of the Detective Establishment of the Kolar Gold Fields for June 1905. Para 2 of your letter to which the Secretariat has taken exception is so worded as to render it capable of being easily misunderstood. The matter however, was sufficiently important to have been brought to my notice. I have now pointed out to the Secretary the expediency of following that course under similar circumstances. I quite agree with you that the matter was also one in which the Financial Branch of the Secretariat should have been consulted. This has also been intimated to the Secretary.

Yours sincerely,

Sir,

I have the honor to forward herewith copy of letter No: A. dated 3rd June 1905 together with its enclosure from the Deputy Commissioner, Kolar District applying for an advance of ₹1000/- to meet the pay of the Detective Establishment on the Gold Fields.

It is reported that out of the allotment of ₹13000/- for the Detective branch there is only a small balance of ₹115/- on account of the heavy expenditure incurred in connection with the recent gold brick case and also of the entertainment of additional hands under Mr. Prichard and that this balance is inadequate to meet the pay of the Detective Establishment and other expenses during the current month.

Under these circumstances I request that you will be so good as to move the Government to sanction an advance of ₹1000/- to the Deputy Commissioner to be adjusted out of the contribution of ₹13000/- from the Mining Board as ---- suggested

Sir,

I have the honour to acknowledge the receipt of Govt. Order No. J.3599-3600/Police.184-2 dated 12th instant sanctioning an advance of Rs. 1000/- to the Deputy Commissioner Kolar to meet the pay of the Police Detective Establishment and directing that the advance should be adjusted within 3 months out of the contribution of Rs. 13,000/- that is being paid by the Mining Companies.

I beg to state, in reply that the annual contribution of 3,000/- received from the Companies has already been taken account as a receipt in preparing the Budget Estimates of t nt year, and the distribution of the grants for the various ces has been made only after taking this receipt also into t. The revenue or the receipt of none of the Departments of nment could be earmarked for the services of that Department the Budget system, I am therefore unable to understand clear e intention of the Government as conveyed by para 2 of their under advertance.

When the grants for the different services of Government been allotted any excess expenditure incurred by any depart- over its grant could be met only by reappropriation from

any other head under which it is available or under exceptional circumstances where it was not possible for the officer incurring the expenditure to foresee it at the time of the submission of the Budget estimates of his department for the year, and the Government is satisfied that this excess expenditure was absolutely necessary, an additional allottment is sanctioned. But at any rate, the question of adjustment of the excess expenditure out of receipt of the Department, which has already been taken into account in preparing the General Budget Estimates of the year does not arise. I therefore request to be informed if the Rs. 1000/- may be regarded as an additional grant to the Police Department, if it is not possible to make any reappropriation from the grant for any other minor head under the same department.

Sir,

Reference: Your letter No:J.3751/ Police 184-4 dated the 29th instant regarding Rupees One thousand (Rupees 1000/-) advanced to meet the pay of the Detective Police on the Gold Fields.

I have the honor to state that the circumstances which necessitated the grant of ₹13000/-being exceeded have been explained in my previous letter No 6968 / 741 dated 8th June 1905. The Deputy Commissioner in his letter No.A dated 3rd June 1905 has clearly stated that this amount would be adjusted after the close of the current year from the grant of the next year.

Under these circumstances it is to be understood that the amount advanced may be treated as a loan made to the - - - Department to be adjusted from the contribution of ₹13000-/- payable by the Mining Board during the next year. It is therefore to be presumed that the needs of the Detective Department will be met from the balance of ₹12000-/-in the next year.

As it is not possible to meet this advance by reappropriation of funds from any of the budgetted heads, I request that the Government will be pleased to treat this as a loan from the " General Revenue " since the amount cannot be regarded as an additional budget - - allotment for expenses during the current year .

If this view is not acceptable to the Comptroller the only other way open to adjust this advance is to meet it from the savings under the head " Executive Rural Police " .

2 I am sorry to find that after the full explanation given in my letter No. 7504 of the 22nd June 1905, Government should persist in maintaining an order which is wholly opposed to account rules. The whole difficulty seems to have arisen from the case not being dealt with in the proper department of the Secretariat, and I beg that correspondence may be saved in future by disposing of such cases in the Financial Branch.
